OneStreet

BROCHURE – INTRODUCING THE DINE AND DONATE PROGRAM

Dine and Donate

A ONESTREET PROGRAM

Holding a Dine and Donate event is a great way to connect with your community and support your favourite charity at the same time!

This guide provides information on steps and some useful tips for setting up your Dine and Donate OneStreet event.

Download all templates to help you in your event plannning.

1. CHOOSE A DATE

Sunday afternoons, at 3pm, are often good to hold an event. Weekend sport should be over and people are in a good place for relaxing. Choose what you think might work for your street or block though.

2. CHOOSE A LOCATION

We suggest starting your first event at the street coordinator's house – ***check your house insurance currency it should have provision for public liability in it – a 'just in case' measure*** – or if you live in a block, use a nearby park or outdoor area, as long as you have enough room. .

3. CHOOSE A THEME

You don't necessarily have to have a theme but it's useful to help people know what to expect.

One of our first OneStreet events was a 'Harmony High Tea' where everyone brought a plate of food from their cultural background.

4. CHOOSE A GOOD CAUSE

This is a good thing to get your Earth Inheritors involved with! Ask your kids what is important to them and what they would like to see supported. Add this information to the invitation.

5. INVITE PEOPLE

For your first event, putting an invitation in everyone's mailbox is probably the best way to let people know. Include RSVP details, what to bring and information on the cause (see our Invitation Template).

6. RSVPS

Put a list together of who has RSVP-ed so you know how many to expect (see RSVP Template).

Dine and Donate

A ONESTREET PROGRAM

7. PREPARE

On the day, set up a table for the food, have plenty of water and cups on hand, directions to the bathroom and bins for recycling and rubbish. Choose re-usables or green recyclables. Make sure there are no trip hazards.

8. ARRIVAL

On arrival, welcome people and give them a sticky label to write their name on. If people are comfortable, collect their details so you can set up a mailing list for your group.

9. WELCOME

Once a good number of people have arrived, call everyone to attention and give a quick chat on OneStreet and its goals (see Welcome Talk template).

10. COLLECT

You can get your kids to help with this by taking round a tin for the 'good cause' collection. You can have people make a donation or set up a raffle or something else to make it fun.

11. WRAPPING UP

At the end, thank everyone and let them know what will be coming next and check if anyone is willing to help or has ideas on how next to connect.

12. AFTER THE EVENT

Total up the donations and send the proceeds to your good cause. Send an email to everyone letting them know how much was raised and when it was sent off.

WELCOME SPEECH TEMPLATE

Holding your first OneStreet event is exciting! A great 'Welcome' speech sets the tone for a fantastic day and is an effective ice-breaker.

Hi Everyone

Thank you so much for coming to our first OneStreet event.

For those people that don't know me, my name is Enter your name here

We hear a lot about people being disconnected, disconnected from self, disconnected from their community, disconnected from the environment. And it prompted the thought… What if we started 'reconnecting', simply, one street at a time?

OneStreet was founded by Dr Annette Davison in Sydney, Australia in May 2019. With an aim to connect people at the community level and inspire environmental and social outcomes - One street at a Time.

This Enter your event name here is our street's very first OneStreet event. It's part of the OneStreet 'Dine and Donate Program', which aims to bring people together, to connect over food, and donate to a worthy cause.

Enter information about your chosen worthy cause here (edit in Adobe Reader).

For example - this is what has been said at an event that was supporting 'The Orangutan Project'

"After watching a David Attenborough One Planet which showed orangutans losing their habitat due to palm oil plantations, we have chosen 'The Orangutan Project' as our focus for donations today. Palm oil is found in many many things that we buy including food items and conditioner! Because of this, 10 year old Coco has 'chosen to be a human who doesn't consume palm oil' (she was also the designer of our OneStreet logo)! To help raise money, we've got some pamper packs and produce bags for sale and there's also a raffle. Any contribution you can make will be gratefully received."

To help keep in touch, I've put a sign in sheet out. If you are happy to provide your email or other method of contact, that would be great – we'll keep your details private and only use your details for keeping in touch.

Please let us know your ideas for future events or things you might like to do together – this event is just the start!

I'd again like to thank you all very much for coming and supporting us at OneStreet.

So I'll sign off with the three OneStreet principles:

1. Be kind to yourself. 2. Be kind to your community. 3. Be kind to your environment.
